MUHAMMAD MEHBOOB

FRONT-END DEVELOPER

OBJECTIVE

I have completed my graduation in BSSE in 2022. I am highly motivated to make my career in the software technology domain. My current focus is to have hands-on experience in web front-end development with React JS. Apart from front-end development, my plans are to learn the MERN stack to become a complete developer in web application development.

SKILLS & ABILITIES

- JavaScript
- Responsive Web Design
- Front-end Skills: HTML5, CSS3
- Web Technologies: React Js
- Team Collaboration
- Redux
- CSS Framework: Material UI, Tailwind CSS, React-Bootstrap, Ant Design
- Version Control System: Git, GitHub
- Axios
- Media Query
- React Routers
- Next JS
